## ABOUT DIGIFY EDUCATIONAL & TECHNOLOGIES FOUNDATION

Digify Educational and Technologies Foundation is one of the leading non-formal training provider, developing Skills and Talent through its efficacious learning programs and techniques, hence building a pool of coveted workforce according to global industry requirements. Digify Educational and Technologies Foundation has effectively ventured into diverse training sectors ranging from IT hardware & software training, Vocational & Skill Development training, Languages & Spoken training, Soft Skills training, Job Assistance training and more career focused training. Our courses ensure students to learn the skills that makes them employable without compromising on fundamentals and quality.

**Our Vision** is to impart best value based education to students to help them succeed in their career. Our endeavor is to prepare skilled professionals for the ever-changing and complex global society. We always focus in bringing out and building the personality of students by new and adaptive training techniques and providing awareness on upcoming technologies. We envision to help the deprived people

**Our Mission** is to provide and promote best education by way of various courses and training programs which are relevant to the current time through qualified and experienced faculties, enabling the students become self-dependent and successful in their careers.
